All Aboard To The Future!

A taste of the future!

Student Senate officers spend productive time tracking the future.

C.O.A. On Track to the Future

There are many paths that one might take into the future. Which one might that be? Does one listen to the heart-beat of their fellow man or to the low echoes of their own. There are many tracks in the sand that follow their fellow man and end up in a shape that they don't like. For me and my steps, I'll walk along with the others as long as they are fulfilling my goals. They started in grammar school and now have led a path to C.O.A.

"How can we computerize this train?" asks Dr. Chesson.

Yes, Salvador Dali would definitely approve.

"Gee, just what I always, uh, wanted. Thanks."

Instructors always maintain their dignity.

Bullwinkle is alive and well at the Manteo Walk-America.

Even with the concentration of academics, there is always time to kick one's shoes off and have some fun. At the College of the Albemarle there are many extracurricular activities for the students and the faculty to become involved in. The various clubs and organizations at COA help to bring about community involvement for the members and the advisors. Active participation in the many activities can enhance the student's appreciation of being on the right track for the future.

"Are you serious? I have to row this boat out into the middle of the canal to have a cigarette?"

"No time to chat... I'm in a hurry!"

"Hey, the bossman is coming! I'll call you back."

Look Who Got Caught In The Action!

"For me?! Oh, you shouldn't have, but I'm glad you did!"

All work and no play makes a boring day at C.O.A.

"Are these little bags free with the munchies or what?"

"We don't really mean this.... but the administration told us to say it."

Teeth lost in fight with spouse over when I'll have time for sex again

Bad eyeght from long hours of preparing for work/school

Bitten fingernails from anxiety

Bad posture from being tired and worn out all of the time

Ulcer from anxiety over having too many responsibilities

Stress Management Techniques For Students and Staff

"You put your left hand in, you put your left hand out..."

An award and seven dates is all any man could ask for.

"Now how does that go? A, b, c...?"

"I just hope I don't chip a nail."

"I know that one. It has to deal with blood, right?"

The purpose of the Foreign Arts Club is to stimulate an interest and appreciation of the customs, language, and cultures of the people of Spain and France as well as other countries. Membership in FAC is open to all students and faculty who are interested in French and Spanish. Each quarter, the club holds a foreign film party and at least one fundraiser. A primary concern to the club is community service. This past year, FAC has participated in the Walk For Hunger, sponsored a child in the Children's Christmas party for the underprivileged, and also the project "Into the Streets." A favorite tradition of the Foreign Arts Club is the end-of-the-year Foreign Foods Dinner Party, in which the club members experience in the tasting of the world's cuisine.

The Student Seante is a representative body of the students and is open to any and all students that wish to participate. Their purpose is to serve the Student Body by upholding the student's rights according to the Senate Constitution, plan and sponsor events that serve the community. The Student Senate Executive members include president April Gallop, vice-president Barbara Powell, secretary Aretina Spencer, Treasurer Shirley Ballard, parliamentarian Clay Rodgers, freshman class president Linda Layden, freshman class vice-president Sean Vail, Bobby Snow, Latonya Ingram, Dianna Baccus, and advisor Lynn Winslow.

Through the Artistic Eye

When it comes to expressing oneself on canvas, the Art Club comes out with brushes flying in full color. Their creativity and "artistic eye", as well as their unique styles, to get their point across or just for the enjoyment of creating. Their future artists add beauty to the hallways of C.O.A. with their original pieces of work. To express something on canvas and various mediums is not always an easy task, but somehow the job gets done.

A special thank you to Shirley Ballard
for without her dedication and pursuance
the 1991-92 COA Beacon would
not have been possible.

The "Heart and Soul" of the Beacon

The Beacon page is a special page in the yearbook dedicated to all those who helped put the book together. It is hard to imagine all the hard work and the dedication it takes in putting a yearbook together unless you are working behind the scenes. It is nearly impossible to list the names of all those who supported the Beacon this year without accidentally leaving someone out, but it is not hard to thank everyone involved. At times things got rocky during the year and it seemed as though it was just a hopeless case. With the help and support of many, the hopeless became a hopeful. Again, thank you to all who contributed in making the 1991-92 College of the Albemarle Beacon what it is. . .you know who you are!

Thank you to Holly Ferguson as well for without her or Shirley, this year's Beacon would not have been possible.

Many countless hours went into the yearbook. It was difficult at times, but yet Shirley and Holly somehow found the time and the patience to pull things together when they needed to be. top: Shirley Ballard and above: Holly Ferguson.

There are many obstacles that can keep a person from achieving their goals and aspirations in life. With these obstacles, there are trails that can lead in various directions into the future. An education can help one overcome many of these obstacles and carry a person into the direction that they have been searching for. In life and in today's society, there is only so far one can go without an education. Whether just beginning or the furthering of one's education, so many things can be accomplished. At the College of the Albemarle, education has an outreached hand to help bring people onto the right tracks to the future.

BOARD OF TRUSTEES

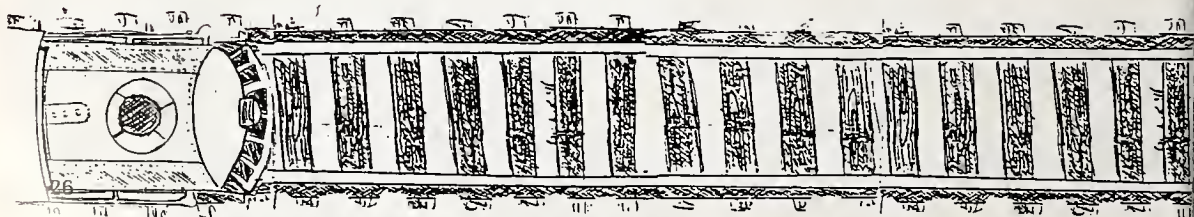

Vice Chairman Wallace Nelson, Student Senate President April Gallop, COA President Parker Chesson, Board Chairman Robert Williams, Trustee Members: Andrew Williams, Inez Bolden, Bruce Biggs, Jan Riley, Jerry Kelly, Bill Owens, Louise Dollard, Phil Donahue, Ray Jones, Bob Aldridge, Gerald White, Frank White, and Joseph Lamb.

DR. J. PARKER CHESSON, JR.

PRESIDENT

We, the students, would like to thank **Dr. Chesson** for all his endeavors that put us on the right tracks into the future here at the College of The Albemarle.

Without the help of certain individuals, many projects would never be able to get off the ground. The College of the Albemarle's yearbook, *The Beacon*, is no exception. Countless hours of hard work goes into the production of an annual, but the cost of production has a high price tag. Various businesses, companies, patrons, donors, and contributors helped *The Beacon* by buying ads and making donations. With their help, as well as the help of the staff, the College of the Albemarle's memories are on the right track in *The Beacon*.
